UNREGULATED LOCAL EXCHANGE SERVICE

APPLICATION OF TARIFF

1. This Tariff governs Lennon Telephone Company's (Company) provision of local exchange services that are not regulated by the Michigan Public Service Commission.
2. Except as otherwise indicated herein, the Company's provision of the unregulated local exchange services contained in this Tariff is also subject to the rules and regulations specified in the Company's applicable tariffs (including, but not limited to, Tariff MPSC Nos. 1R, 2R, and 7R), as they now exist or as they may be revised or superseded. In the event of a conflict between the provisions of this Tariff and other tariffs of the Company, the provisions of this Tariff shall govern.

UNREGULATED LOCAL EXCHANGE SERVICE
SERVICE CHARGES

A. General.

1. The Service Charges contained herein apply in connection with the establishment of unregulated telephone service and subsequent moves, changes, and additions of lines, instruments and other services or equipment.

B. Application of Service Charges.

1. **Service Ordering Charge:** A Service Ordering Charge applies to work performed by the Company in connection with the receiving, recording and processing of customer requests for service, and equipment ordered to be performed or provided at the same time, involving the establishment of a new customer account. The Service Ordering Charge also applies to restore service in cases in which the customer's service has been disconnected voluntarily or involuntarily for cause as permitted by law.
2. **Line Connection Charge:** A Line Connection Charge applies to each central office line (exchange line, trunks, etc.) on which work is required in the Company's central office, outside plant, drop wire, or other portion of plant up to the premises served. The Line Connection Charge applies to the restoration of service in cases in which the customer's service has been disconnected voluntarily or involuntarily for cause as permitted by law.

SERVICE CHARGES (CONT'D)

A. Application of Charges (Cont'd).

3. Premise Visit Charge: A Premise Visit Charge applies to each customer's order which requires a visit to the customer's premises. Service work in several buildings of a customer located on the same continuous property requires one charge per premise visit.

A "premises" is a building, or a portion of a building or buildings, on the same continuous property occupied by the customer. All space for offices occupied by a customer on the same or separate floors of one building are considered as a single (or same) premises.

"Continuous" property refers to an uninterrupted plot of land within the same block and occupied by one customer (i.e., a parcel of land enclosed but uncrossed by public thoroughfares; railroad tracks, rivers and alleys are not public thoroughfares).

"Building" refers to a structure on one foundation or two structures on separate foundations with a common wall or abutting walls with ready access from one structure to the other by means of doorways or permanent openings through the intervening wall or walls. Structures in the same or different block occupied by one customer and connected by passageways shall be considered as the same building if the passageway is actually used as a continuation of the space in the two buildings and not principally used as a walkway.

The Premise Visit Charge does not apply for a premise visit required solely to remove or disconnect customer disconnected items or service, or to change or modify equipment for Company reasons.

4. Promotional Waiver: The Company may choose to waive Service Charges during promotional periods.

UNREGULATED LOCAL EXCHANGE SERVICE

SERVICE CHARGES (CONT'D)

B. Application of Service Charges (Cont'd).

The Service Charges listed below apply in addition to all other applicable recurring and non-recurring rates and charges associated with the service provided. Installation charges for additional equipment as shown in Tariff MPSC No. 2R may apply.

<u>Item</u>	<u>Service Charge</u>
Service Ordering Charge*	
Initial Service Order	\$14.00
Existing/Restored Account Per Order	\$5.00
Line Connection Charge Per Line	\$5.00
Premise Visit Charge*	\$7.00
Per Premise of Same Continuous Property	

* The Establishment of Service charge and Premise Visit charge are in addition to the Line Connection Charge.

The above charges do not contemplate that the services will be provided at a time when the Company's employees' overtime wages apply, nor do they contemplate that the customer will interrupt the services. If the customer requests that overtime labor be performed, or interrupts work once begun, a charge in addition to the specified charges will be made equal to the additional cost involved.

No service charges apply for a change in service or move of equipment if made on the initiative of the Telephone Company for maintenance reasons or because of a change in the type of central office operation or for other Company reasons. No service charges apply for any changes in equipment required because of a change in class of basic service.

No duplication of charges is made when, owing to the lack of standard equipment specified in a customer's order, installation of other standard equipment is made temporarily in order to provide service.

When service is rendered inoperative by fire or other causes beyond the control of the customer which render the premises unfit for occupancy, the same service or type of equipment as destroyed will be reestablished at the same or different location, at the option of the customer, without Service Charges or Installation Charge.

UNREGULATED LOCAL EXCHANGE SERVICE

DESCRIPTION OF SERVICE

A. General.

1. The Company's unregulated local exchange service provides telephone intercommunication between customers within a Local Calling Area.
2. Where applicable, the Company will measure Conversation minutes of use (MOU) from the time when the Company's switching equipment receives answer supervision to the earlier of when the Company's switch receives disconnection supervision from its own switch or from the terminating switch. The Company will measure Conversation MOU to the next higher whole MOU per call. No MOU are carried forward from month to month. The Company will not provide call record detail for local usage in the end user's monthly bill.
3. Touch Tone Service is included with the service.
4. Service Charges as stated in this tariff apply.
5. Unless otherwise specified, the Local Calling Areas for the services described in this Tariff are the same as those contained in the Company's Tariff 1R.
6. Calls made to a telephone number with an NPA NXX that is associated with the rate center that is within the customer's local calling area are local calls regardless of the physical location of the called party.

Calls will be completed as local calls without charges in addition to the customer's monthly access line charge so long as (i) the call terminates to an end user physically located in the called exchange, and (ii) the provider terminating the call has made interconnection and exchange of traffic arrangements with the Company. Calls that do not satisfy conditions (i) and (ii) will incur additional local charges in the amount of 5¢ per MOU, and the MOU used will count toward any applicable monthly MOU allowance set forth in Paragraph 3 above.

(C)
(C)

Prior to the imposition of the 5¢ per MOU local charge, the Company will provide customer at least 30 days' notice of its intention to do so, and the notice will include information enabling the customer to determine the affected telephone number(s).

UNREGULATED LOCAL EXCHANGE SERVICE
COMBINATION MAIN STATION SERVICE

A. GENERAL

1. Combination Main Station Service applies to cases where a customer wishes to contract for a main station service at each of two separate locations (ordinarily each station will be assigned a separate telephone number) within the same exchange, so as to be able to answer calls for one main station at the other main station location or both stations at either location.
2. Combination Main Station Service is provided only in connection with individual lines (excluding coin box lines and lines terminating in key telephone systems, key equipment, key cabinets, and similar switching devices) and is furnished subject to the ability of the Company to provide satisfactory transmission and signaling arrangements and to the rate treatment outlined herein.
3. Combination Main Station Service may be employed where one station is at a business location and the other at a residence or where both stations are at either business or residence locations, but only in connection with services contracted for and used by the same customer.

B. RATES

1. Each main station is charged the established individual line business or residence rate, according to the classification of the service at each premises as to business or residence character.

LOCAL TELEPHONE EXCHANGE SERVICE

JOINT USER SERVICE

A. GENERAL

1. Joint User Service is an arrangement whereby a person or firm designated a Joint User is permitted to use the service of a customer. To facilitate this use, a directory listing is provided for each Joint User.
2. Joint User Service is provided only in connection with individual line business service and private branch exchange business service.
3. The Joint User must be located in the same office or suite of offices as the customer, or in an office immediately adjacent thereto and connected therewith by passageways other than public passageways.
4. Joint User Service is not furnished in association with the service of a customer who is engaged primarily in performing service of a secretarial nature or who is in the business of renting space to transient or permanent tenants.
5. No separate ring numbers or distinctive designations are assigned for the purpose of signaling Joint Users.
6. Joint User Service must be contracted for by the original customer who is required to assume responsibility for all charges incurred by the Joint User.
7. Charges for Joint User Service date from the day the service is first rendered. The Joint User Service is automatically discontinued upon termination of the main service. The minimum charge for Joint User Service, however, is the charge for the period of one month.

LOCAL TELEPHONE EXCHANGE SERVICE

PAYSTATION SERVICE

A. GENERAL

Paystation Service provides telephone service to a leased or owned paystation with or without coin collecting devices. A Paystation Access Line permits providers of such service to provide pay telephone service to the public.

B. DEFINITIONS APPLICABLE TO PAYSTATION SERVICE

Coin Supervision - Provides signaling capability from the central office for paystations that do not have a signaling capability within the telephone. This signaling capability provides operators and/or operator systems coin control.

Customer - The paystation service provider.

Network Interface Device - A Company-provided jack or its equivalent. It is the point of connection between the Company owned wiring and wiring owned by the Customer. The network interface device will be installed at a location mutually agreed upon by the Customer and the Company.

Originating Line Screening (OLS) - Enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned paystations, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available.

Paystation Access Line - A basic coin transmission dial tone line. It is a line side connection from the local exchange switch to the point of demarcation at the Customer premises.

Selective Class of Call Screening - Enables the Customer to restrict outgoing operator-handled calls, placed over the Company's network, from the service point to only those calls which are charged to a called telephone, a third party or a calling card. Selective Class of Call Screening will be provided at the Customer's option, where such facilities are available.

C. RULES AND REGULATIONS

1. Paystation Service will be considered a business service for the purpose of applying the terms, rates and conditions found elsewhere in this tariff.
2. Only one paystation instrument may be connected to each Paystation Access Line. Off-Premise Extensions are not permitted.
3. The Customer shall be responsible for the installation, operation and maintenance of any paystation instrument used in connection with this service.
4. Requests to Directory Assistance Service originated from paystations will be charged the applicable rate of the Directory Assistance Service Provider.
5. Directory listings may be provided under the regulations that govern the furnishing of listings for business Customers.
6. Coin-free operator and emergency 911 access must be available from all paystations.
7. One directory will be distributed to the Customer without charge for each paystation business exchange line.
8. The Customer is responsible for the provision of booths, shelves, directories and all other ancillary equipment.
9. The Customer shall be responsible for the payment of charges for all local and toll messages originating from or accepted at this type of service, including any Directory Assistance Calls. The Company shall not be liable for shortages of coins collected and deposited at the Customer's paystation instrument.
10. The Company reserves the right to disconnect service when the Customer does not comply with the Federal Communications Commission and state rules and regulations related to paystation service and equipment.
